UNIT COST REPORT → LEVELING WORKBOOK — FULL PROCESS MAP

Skill: generate-estimate-from-unit-cost-report
Captured from: Adjuvant Health — Estimate 260120
Sheet: SKILL-002 REV.A
Hardened: 2026-09-18

All twelve steps from a ProEst unit cost report to a workbook that reconciles to it — the two branch points, the three parser flags, the three builder fixes, and the two rules that decide whether the money lands where the estimate says it does.

mandatory step · corrective branch — fix and re-run · human checkpoint · decision / rule
